

Salomeh Tafazoli appointed as ViaCon's new VP of Bridges and Culverts business unit

The ViaCon Group has appointed Salomeh Tafazoli as ViaCon's new Vice President, Business Unit Bridges & Culverts Solutions. Bringing extensive leadership and business development experience with her, most recently as Executive Vice President of the industrial division of Alimak Group, Salomeh will contribute to the high-growth trajectory of the business. Salomeh will take on the new role at ViaCon as of May 2nd, 2023.

At the same time, the acting VP of Bridges and Culverts, Onur Başar, will return to his previous role as Regional Business Unit Director, Southeast Europe for the same Business Unit.

We are pleased to welcome Salomeh to the ViaCon Group and wish to thank Onur for his great contributions in the interim VP role. We are pleased to have both Salomeh and Onur aboard, helping steer the organisation from strength to strength.

About Us

ViaCon constructs connections. Consciously.

ViaCon was founded in 1986 with establishments in Sweden and Norway and is a market-leading European provider of sustainable civil engineering corrugated steel structures, geo-technical, and storm-water solutions. ViaCon has a comprehensive local market know-how and manufacturing footprint, with presence in 19 countries and employing ~800 people.

Combining more than three decades of experience with today's cutting-edge technology, ViaCon is a pioneer in the field of Bridges & Culverts-, GeoTechnical- and StormWater Solutions, which make up the three business units in the Company.

ViaCon offers its customers a host of distinct state-of-the-art, mission-critical solutions for various infrastructure products and solutions that are reliable, long-lasting and designed to meet the challenges of a changing world.

ViaCon is owned by funds advised by FSN Capital Partners, a leading private equity advisor in Northern Europe.
