

Invitation to Factory Tour at Impact Coatings in Linköping on November 25, 2025

On Tuesday, November 25, at 2:00 p.m. (CET), Impact Coatings will showcase the company's factory and head office in Linköping, Sweden, for investors, analysts and the media. CEO Jonas Nilsson will present the company and lead a factory tour, including answering questions. The event ends at about 4:00 p.m.

Presentation and tour will be held in Swedish.

Please notify the company of your intention to participate no later than Monday, November 24, by email to anmalan@impactcoatings.com.

AGENDA

1:30 p.m. – Doors open, coffee and mingling

2:00 p.m. – Presentation: Impact Coatings in brief

2:30 p.m. – Factory tour

Visit to the assembly line for PVD systems, to the Coating Service Center, e.g., used for coating of electrolyzer components for North American and European customers, and to the R&D department, among others, working with iridium oxide for PEM electrolyzers and SOFC coatings.

3:30 p.m. – Q&A session

About Impact Coatings

Impact Coatings (www.impactcoatings.com) is a global technology leader and full-service provider of coating solutions using PVD technology. The company is an enabler in the energy sector, for off-grid power and hydrogen-related applications, as well in automotive and other industries with emerging PVD applications.

PVD stands for physical vapor deposition – clean processes of applying thin layers of coatings to design surface properties, prolong lifespan, and improve product performance. The company's offer consists of efficient, modular, and flexible PVD systems, and coating services, underpinned by several decades of coating experience and expertise.

The company was founded in 1997 and has since expanded in Europe, Asia and North America. Current production facilities are located in Linköping, Sweden, and in Shanghai, China.

The Impact Coatings share is listed on Nasdaq First North Growth Market (Nasdaq Nordic). The company's Certified Adviser is Redeye AB.
