

Change in BIMobject's management team

BIMobject announces that Stina Larsson will leave her role as CTO. Stina will remain in her current position during her notice period to ensure a structured handover and her responsibilities will initially be taken over internally.

"Stina has been an integral part of building and improving our product organisation. We will miss Stina as a colleague but I also want to congratulate her on a new opportunity and wish her the best of luck in her future career", comments Martin Lindh, CEO of BIMobject.

"I'm grateful for these years at BIMobject, which have enriched me both with professional growth as well as valued relationships. I look forward to following the journey." comments Stina Larsson.
