

Argo Defence Group's share to be dual-listed on Boerse Stuttgart on 18 November

Argo Defence Group AB (publ) ("Argo Defence" or "the Company") announces that Nordic Growth Market NGM AB ("NGM"), where the Company's share is currently listed, has applied for a dual listing of Argo Defence Group's share on Boerse Stuttgart. The first day of trading is expected to be 18 November 2026.

The application is made under NGM Reach, which makes shares with a primary listing on NGM available to German and other European investors through a dual listing on Boerse Stuttgart. Boerse Stuttgart Group is one of Europe's leading exchange groups and an established marketplace for Nordic growth companies.

"Listing on Boerse Stuttgart gives us direct access to German investors and a natural entry point to customers and partners in the German defence industry," says Marcus Selme, Group CEO of Argo Defence Group.

The dual listing aims to broaden the Company's shareholder base and increase trading in the share through access to German and European investors. It is also expected to strengthen Argo Defence's position in international defence collaborations.

The dual listing will not entail any significant costs for Argo Defence Group.
