

JONDETECH CEO LEIF BORG TO LEAVE THE COMPANY IN 2025

JonDeTech Sensors AB (publ) (“JonDeTech” or the “Company”) CEO Leif Borg has today informed the Company’s Board of Directors of his decision to step down from his position as CEO.

“The Board would like to thank Leif for his many years in the Company, most recently as CEO. He has played a key role in the development of JonDeTech’s products and has led the Company through its transition from an R&D-focused organization to a commercialization-driven business”, says Jan Johannesson, Chairman of the Board of Directors of JonDeTech.

Leif Borg has a six-month notice period and will remain in his role until a successor is appointed.

The Company’s Board of Directors will immediately initiate the search for a new CEO.

About JonDeTech

JonDeTech is a provider of sensor technology. The company markets a portfolio of IR sensor elements based on proprietary nanotechnology and silicon MEMS. The nano elements are extremely thin, built on flexible plastic, and can be manufactured in high volumes at low cost, enabling a wide range of applications, such as temperature and heat flow measurements, presence detection, and gas detection.

The company is listed on NGM Nordic SME.
