

W5 Solutions receives an order for 1 300 000€ with an additional option to 2027 within the live fire training domain for a 2022 delivery

W5 Solutions receives an order within the live fire training domain from an existing Nordic customer. The order value is approximately 1 300 000€ with an additional option to 2027. The system will be delivered during 2022

The systems are an add-on option that will introduce new enhanced capabilities to an existing W5 Solutions target system.

Robert Dahlqvist, EVP and head of sales: "We are grateful and delighted the customer has chosen this option that increases the realism and fidelity of the training. We strive to eliminate negative training and support those that protects us."
