Logistea has successfully completed a directed share issue of 18,940,000 ordinary shares of series B and raises approximately SEK 250 million

Logistea AB (publ) ("Logistea" or the "Company") has, in accordance with the Company's press release earlier today on 25 March 2024, completed an accelerated book building procedure and resolved on a directed share issue of 18,940,000 ordinary shares of series B at a subscription price of SEK 13.2 per share (the "Directed Share Issue"). A number of Swedish and international institutional investors, including the Fourth AP Fund and Länsförsäkringar Fondförvaltning as well as the existing shareholders Slättö, Nordika and M2 Asset Management participated in the Directed Share Issue. The subscription price corresponds to a premium of 7.7 per cent in relation to the volume weighted average price for the Company's ordinary share of series B during the last ten trading days, a discount of 6.0 per cent in relation to the closing price today on 25 March 2024 on Nasdaq Stockholm and corresponds to the net asset value per ordinary share in Logistea which as of 31 December 2023 amounted to SEK 13.2.

The Directed Share Issue

The board of directors of Logistea has pursuant to the authorisation from the annual general meeting held on 5 May 2023 resolved on the Directed Share Issue which was directed to Swedish and international institutional investors with deviation from the shareholders' preferential rights. The Directed Share Issue comprises 18,940,000 new ordinary shares of series B at a subscription price of SEK 13.2 per share and the Company will hereby raise approximately SEK 250 million before transaction related costs.

Background and reasons

Logistea is a real estate company in warehousing, logistics and light industrial, with the vision of being the natural partner for companies that demand modern and sustainable premises in this segment. Demand for warehousing and logistics premises is significant and Logistea's growth has been strong since the first property was acquired at the end of 2019. Logistea's growth is achieved through acquisitions, development and management of properties and land, and the Company has a growth target of a property value exceeding SEK 15 billion by the end of 2024. As part of the growth target, the Company shall annually create 25,000 square meters of new space.

In 2023, Logistea increased the revenue by 44 per cent to SEK 371 million, net operating income increased by 48 per cent to SEK 276 million and income from property management increased by 47 per cent to SEK 107 million. As of 31 December 2023, Logistea's property portfolio amounted to SEK 5,386 million.

Logistea sees continued good opportunities to make attractive property investments in the Company's property portfolio. In the current market, Logistea aims to acquire properties with an initial yield of at least 7 per cent. During 2024, Logistea has acquired properties with underlying values of SEK 464 million at an average yield of approximately 7.8 per cent, which contributes positively to income from property management per share. The average remaining lease term of the acquired properties is approximately 12 years.

Based on the property portfolio as of 31 December 2023 and adjusted for acquired properties in 2024, the property value in Logistea amounts to SEK 5.85 billion and the contracted rental income to SEK 405 million before rent supplements. The adjusted surplus ratio according to the earnings capacity as of 31 December 2023 was 91 per cent.

To be able to take advantage of the value-creating investment opportunities that the Company believes exist, the Directed Share Issue has been carried out to finance both property acquisitions and investments in the existing property portfolio in order to create value for Logistea and its shareholders in accordance with the Company's strategy and overall objectives.

Deviation from the shareholders' preferential rights

Prior to the Directed Share Issue, the Company's board of directors has made an overall assessment and carefully considered the possibility of raising capital through a new share issue with preferential rights for the Company's shareholders, as was done in the Company's rights issue in the early autumn of 2023. The board of directors has found that this time there are compelling reasons to deviate from the shareholders' preferential rights and to carry out a directed share issue. In particular, the board of directors considers that it is of significant value to the Company, and favourable to all shareholders, to diversify and strengthen the Company's shareholder base with additional institutional ownership. In addition, the board of directors sees the rapidness of the procedure with the Directed Share Issue as a significant advantage, since it is deemed to facilitate for the Company to be active in the current market and promote the Company's interests in ongoing investment discussions, in line with the Company's strategy and overall objectives. Based on these considerations, the board of directors has made the assessment that a directed issue of ordinary shares of series B with deviation from the shareholders' preferential rights is the most favourable alternative for the Company to raise capital.

The subscription price has been determined through an accelerated bookbuilding process and corresponds to a premium of 7.7 per cent in relation to the volume weighted average price for the Company's ordinary share of series B during the last ten trading days, a discount of 6.0 per cent

in relation to the closing price today on 25 March 2024 on Nasdaq Stockholm and corresponds to the net asset value per ordinary share in Logistea which as of 31 December 2023 amounted to SEK 13.2. It is the board of directors' assessment that the subscription price is on market terms, as it reflects current market conditions and investor demand.

A number of Swedish and international institutional investors, including the Fourth AP Fund and Länsförsäkringar Fondförvaltning as well as the existing shareholders Slättö, Nordika and M2 Asset Management participated in the Directed Share Issue.

Through the Directed Share Issue, the number of shares in Logistea increases by 18,940,000, from 217,915,975 to 236,855,975 and the number of votes increases by 1,894,000, from 37,170,672.4 to 39,064,672.4. The share capital increases by 9,470,000 SEK, from SEK 108,957,987.50 to 118,427,987.50 SEK. The Directed Share Issue entails a dilution of approximately 8.0 per cent based on the total number of shares in Logistea after the Directed Share Issue.
