Tomas Ljunglöf, Pierce Group's CFO, has passed away

It is with great sadness that we inform that our CFO Tomas Ljunglöf has passed away following the traffic accident communicated by the company last Friday.

Condolences from Henrik Zadig, our CEO:

“Tomas was a fantastic CFO and a warm and caring colleague. Tomas had a special ability to balance full focus on solving the task with a big twinkle in his eye and close to laughter. It has been a real privilege to work so closely with him for over four years. The loss is indescribable and it is very difficult to accept that someone who was so full of energy a few days ago has now left us after a tragic accident. Our thoughts go to Tomas’s family and loved ones.”

Condolence books will be placed in the reception of our offices.
