

## Maven Wireless signs production agreement with Kitron

Maven Wireless Sweden AB (publ) has entered into a production agreement with Kitron Aktiebolag a leading Scandinavian Electronics Manufacturing Services (EMS) company. Kitron has operations in Norway, Sweden, Denmark, Lithuania, Germany, Poland, the Czech Republic, India, China, and the United States.

The manufacturing partnership will initially be supported at Kitron's factory in Jönköping Sweden.

"Since its founding, Maven Wireless has rapidly grown in both size and scope. Today, its distribution of sales includes large portions of Europe, Middle East, and Asia. Maven Wireless is also doing successful business development in North America, which means Kitron USA could also be a potential future manufacturing site. We are happy to have yet another EMS partner which can support our rapid growth into the years to come, says Fredrik Ekström CEO of Maven Wireless

"We are very happy that Maven Wireless has chosen Kitron as a manufacturing partner to support their growth.

Kitron has a long history of producing RF and telecom products. Signing a long-term partnership agreement with Maven Wireless, a market leader in telecommunications for indoor- & tunnel coverage, is a great recognition," says Stefan Mutas-Hansson MD of Kitron AB
