About Arctic Falls

Arctic Falls is a leading provider of testing services for the tire and automotive industries. With eight facilities—three indoor and five outdoor—we offer flexible and reliable environments for development and validation. In addition to test environments, our services include testing and testing support, and coordination.

Our global customer base of vehicle and tire manufacturers values our strong focus on confidentiality, safety, and high-quality service, and we aim to be a long-term and trusted partner in their development work. Arctic Falls was founded in 1985 and operates in northern Sweden, where unique climate conditions and our extensive experience provide optimal opportunities for year-round testing.
