# Interview with Freemelt's newly appointed CEO

---

**Nasdaq First North-listed Freemelt is watched by Redeye, which specializes in innovative and fast-growing Nordic companies. Freemelt is a high-tech growth company whose groundbreaking solution creates new conditions for rapid growth in 3D printing. The company's protected technology – which has already begun to be sold – takes 3D printing to a new level and provides new conditions for printing products in a cost-effective way and to an even and high quality that was previously impossible.**

Redeye has interviewed Freemelt's new CEO Daniel Gidlund who talks about his background and why he has taken the step to Freemelt. Redeye is doing commissioned analysis for Freemelt.

## About Us

Freemelt is a high-tech company whose ground-breaking solution creates new opportunities for rapid growth in 3D printing, also known as additive manufacturing. The company's protected technology enables cost-effective printing to a consistent and high quality. By choosing an open-source solution, the conditions are created for strong growth and expansion towards manufacturing markets.

Freemelt was founded in 2017, is listed on Nasdaq First North Growth Markets, has 34 employees, head office in Gothenburg and a manufacturing unit in Linköping. Read more at [www.freemelt.com](http://www.freemelt.com).
