

EPTI acquires Linky Tech AB

EPTI AB (publ) acquires a significant majority of the shares in the mobility company Linky Tech AB, which provides a B2B2C Platform-as-a-Service (PaaS). The solution enables smooth parking and ev-charging through a seamless interface and first-class user experience. The acquisition complements EPTI's portfolio with another PaaS company in a rapidly growing industry.

"Linky has a very exciting and scalable product in a rising spectrum. EPTI becomes a solid owner and will in addition to capital, also provide deep operational support to accelerate the technical and commercial development", says Arli Mujkic, CEO, EPTI.

Linky Tech AB's unique Platform-as-a-Service solution, Linky, enables companies, operators and landowners to easily manage, maintain and handle payments for their parking and charging stations. The product is completely web-based, which enables an app- and account-free solution without the requirement for registration. Bookings will be made via an URL or QR-code.

The parties have agreed not to disclose the terms for the transaction. Following the completion of the acquisition, EPTI's number of portfolio companies amounts to 27, of which 17 are majority-owned.

"It is a joy to be part of the EPTI group and their blossom eco-system. Together we will conquer broader market shares and scale up Linky to a leading operator within Park tech", says Ulrica Otterström Magnusson, CEO and co-funder, Linky Tech AB.

About EPTI

EPTI invests capital and operational support for companies, entrepreneurs and founders to build market-leading innovative companies under the motto "We Empower Innovation". As a venture builder, this is done by adding experience from other founders, capital, resources, processes, state-of-the-art technology as well as commercial execution and marketing. EPTI also starts companies and joint ventures with driven co-founders and companies. The companies in EPTI's portfolio are in the segments Gaming, Fintech, Marketplace, SaaS and Services. Since the start in

Press Release
16 February 2022 12:00:00 CET

2017, a portfolio of more than 25 companies has been built up, of which the majority-owned companies comprise a total of approximately 200 coworkers in seven countries around Europe. EPTI is more than an investment company, it is partly an investment company and partly a service company. A venture builder for founders, by founders.
