

Bio-Works receives an additional order worth SEK 2.6 million for WorkBeads

Bio-Works has received another order from a production customer in India who placed an order earlier this year. The latest order for Work Beads is worth SEK 2.6 million. The customer is a manufacturer of bio-therapeutics.

"This proves that Bio-Works' production customers value our products and customer service very highly, and that our efforts to design-in WorkBeads resins in production-scale processes is producing lasting results" said Lone Carlbom, CEO of Bio-Works.

About Bio-Works

Bio-Works enables Biotech companies to achieve their goals for purification of biomolecules. We support our customers, from laboratory research to commercial production, and together we implement efficient and robust solutions for bioprocessing. Our ambition is to be a trusted and dynamic partner in an industry characterized by growth and development.

Bio-Works' headquarters, with R&D and manufacturing, is located in Uppsala Business Park in Uppsala, Sweden. We supply products globally, through a combination of direct sales and via distributors in Europe, North America and Asia. The company is certified according to the ISO 9001:2015 quality management system. Bio-Works is listed on Nasdaq First North ("BLOWKS"), and FNCA Sweden AB is appointed Certified Adviser.
