

Moreld announces NOK 0.42 dividend distribution

Stavanger, 14 November 2025: Reference is made to the stock exchange announcement made by Moreld ASA ("Moreld" or the "Company") on 14 February 2025, where Moreld announced its new dividend policy. Reference is further made to Moreld's stock exchange announcement on 20 May 2025 regarding the annual general meeting's resolution to inter alia authorise the board of directors to resolve and distribute dividends based on the annual accounts for 2024.

The dividend policy of Moreld is to pay dividends to the Company's shareholders on a quarterly basis. Dividend distributions are intended to be resolved alongside the board of directors' approval of quarterly financial statements in February, May, August and November each year, provided however that the frequency, timing and amount of dividends are at the discretion of the board. Moreld aims for a distribution ratio of between 40% and 60% of adjusted net profits over time.

The board of directors of Moreld has today resolved to distribute a dividend in the amount of NOK 0.42 per share, in total approximately NOK 75 million, for Q4 2025. The dividend is expected to be paid on or about 26 November 2025. For tax purposes, the dividend will be regarded as repayment of paid-in capital, except for shareholders where it is documented that the paid-in capital is lower than the distribution, in which case the distribution will be treated as ordinary dividend.
