

Divio signs a renewed and expanded agreement with a global non-profit organisation

Divio Technologies AB (publ) renews an existing contract to include providing additional services and increases MRR by USD 2,000.

Divio Technologies AB announced today that it has renewed its cloud management agreement with a global independent non-profit organisation, first announced February 7th 2022. This means that the business volume with this client has increased by 38% with this contract renewal and additional service scope.

Jon Levin, CEO of Divio Technologies AB, said: "We are very pleased that this customer has chosen to continue with us and to also increase their use of Divio's services. This results from the value that our platform delivers and the excellent service that our team delivers in providing solutions for our clients' cloud challenges. This also demonstrates the strength of our business model where we grow revenue with our customers over time. We look forward to a new year of fantastic collaboration with a fantastic client."

About Divio Technologies

Divio Technologies AB (Publ) is the PaaS and Cloud Management Software development group behind the Divio platform, which simplifies cloud hosting, deployment and development via a PaaS solution. The platform allows enterprises to reduce costs, time to market and the burden on employees, as well as decreasing dependency on cloud vendors.
