### **About Gränges**

Gränges is a global leader in aluminium rolling and recycling in selected niches. We're committed to creating circular and sustainable aluminium solutions in partnership with our customers and suppliers - for a better future. Our solutions help customers grow and transition to climate neutrality. They are used for efficient climate control in transportation and buildings, electrification and battery components, recyclable packaging, and more. Gränges has production facilities and conducts sales in the regions Americas, Asia, and Europe with 2,700 employees and a total annual production capacity of 610 ktonnes. The share is listed on Nasdaq Stockholm (GRNG). More information is available at [www.granges.com](http://www.granges.com).
