

ViaCon enters into an agreement regarding the disposal of the property in St Helens, UK

In June 2025, ViaCon announced the signing of a letter of intent regarding the sale of its property in St Helens. ViaCon has now entered into a definitive agreement for the transaction, which is expected to receive regulatory approval in December. Completion and transfer of ownership are anticipated to occur at that time.

As part of the transaction, a lease agreement will be signed with ViaCon UK, which will remain as tenant of the property. The sale is expected to generate a positive cash flow impact of approximately EUR 6 million in the fourth quarter and result in a consolidated capital gain of around EUR 3 million before tax.
