# **Issue and repurchase of class C shares**

The Board of Directors of Tobii AB (publ) ("Tobii") today resolved to carry out two share issues of a total of 22,863,558 new class C shares and to immediately thereafter repurchase the 22,863,558 newly issued class C shares. Today's resolutions by the Board of Directors were passed by virtue of the authorisation granted by the Extraordinary General Meeting on 10 January 2025.

Nordic Issuing AB will subscribe for all issued class C shares at a subscription price per class C share corresponding to the quota value of SEK 0.007 per share. All issued class C shares will thereafter be repurchased by Tobii for the same price per share. Following the share issue, the share capital will increase by SEK 165,919.326510. The class C shares do not entitle to dividends and each share entitles to 1/10 voting right.

The purpose of the share issues and the repurchase is to enable potential future delivery of ordinary shares in accordance with the share investment program for the members of the board of directors in Tobii and the share investment program for employees within the Tobii group adopted by the Extraordinary General Meeting on 10 January 2025, as well to cover any social contributions arising as a result of the share investment programs. The class C shares will be converted into ordinary shares prior to any delivery to the participants in the share investment programs.

Tobii currently holds 2,892,330 class C shares and will, following the repurchase of the newly issued 22,863,558 class C shares, hold all 25,755,888 class C shares in the company.
