

Meizu Launches Meizu LIVE AI Earbuds, featuring Audiодо Personal Sound

Meizu has launched Meizu Live AI Earbuds featuring Audiодо Personal Sound. Meizu, owned by the Geely Group, is one of the leading Chinese mobile and headset producers. Audiодо, together with other software providers, will be providing Meizu capability to use an AI-based solution to identify user listening preferences. Audiодо will be providing both Audiодо Personal Sound and Audiодо Equalizer in the collaboration. The earbuds will be available in China and other countries in the APAC region.

"Being incorporated in this product launch clearly shows that our world leading technology is being accepted by leading brands around the world," says Amir Sheikh, CEO at Audiодо.

About Us

Based in Malmö, Sweden, Audiодо™ leverages over three decades of expertise in acoustical algorithms to pioneer cutting-edge audio personalization technologies for consumer electronics. Crafted by passionate music enthusiasts, Audiодо Personal Sound™ harnesses the capabilities of digital signal processing to deliver tailor-made sound quality, ensuring every music lover an unparalleled audio quality that has been perfected for them.
