

## Precise Biometrics to Showcase its Security Solution Suite at Skydd 2024 Tradeshow

**Precise Biometrics, a global leader in biometrics and cybersecurity, will participate in Skydd 2024, the largest security tradeshow in the Nordics, taking place in Stockholm, October 22nd - 24th. Precise Biometrics will showcase its latest security solutions for visitor management and biometric access as well as participate in two panel discussions on the role of biometrics in shaping the future of security.**

At Skydd 2024, Precise Biometrics will present its visitor management system, YOUNiQ Visit, its biometric access solution, YOUNiQ Access, and its biometric algorithm suite for facial, palm, and fingerprint authentication. These solutions are engineered to meet the evolving security needs of both physical and digital environments, ensuring enhanced protection and convenience for users in a safe and seamless everyday life.

In addition to showcasing its product suite, Precise Biometrics has been invited to participate in two panel discussions at the event, where company representatives will share insights on the role of biometrics in physical security and access management. These discussions will explore how biometric technologies are revolutionizing secure access control, making security both more robust and user-friendly.

### **Joakim Nydemark, CEO of Precise Biometrics, comments:**

*"Skydd 2024 is an ideal venue for us to present our security solutions. As security, access, visitor management, and identity authentication challenges grow, it is crucial to provide tools that make people's everyday lives not only safer but more seamless. Our biometric access and visitor management solutions, spanning facial, palm, and fingerprint recognition, ensure that users are always at the center of their security, making authentication processes both secure and effortless."*
