

SEMINAR: IP THAT MATTERS - BEHIND OREXO'S MILESTONE PATENT WIN AT THE US COURT - STHLM EVENT

Uppsala, Sweden – September 8, 2025 – Orexo (publ.), (STO:ORX) (OTCQX:ORXOY) and its advisory law firms Potter Clarkson LLP and Steptoe LLP have received strong interest for the seminar they will be co-hosting at this year's Nordic Life Science Days' conference in Gothenburg, Sweden, on October 13 (invitation published on August 29). However, due to the positive response from those not attending Nordic Life Science Days, the hosts have decided to repeat the event in Stockholm, Sweden, on October 15 at 5:30 pm CEST. The event will take place at Berns Hotel, Spegelsalen, **Näckströmsgatan 8, Stockholm**.

The seminar will take innovators looking to sell their pharmaceutical or therapeutic inventions in the US 'behind the curtain' to find out how the three hosts combined to successfully defend Orexo's position when they were challenged by heavyweight generic competition. The panel will take the guests through the entire journey, from setting a robust IP strategy to successfully defending their position when Orexo were inevitably challenged by a leading generic company.

Orexo has successfully developed four drugs from concept to market, including Zubsolv® for opioid dependence, which is commercialized by Orexo in the US. The company has extensive experience in building robust patent strategies that support product development cycles. Orexo has demonstrably and repeatedly benefited from these strategies, including when its innovations have been challenged by leading international generic companies, such as Actavis/Teva in 2018 and, more recently, Sun Pharmaceutical Industries in December 2024.

Together, the panel will endeavour to provide the audience with an overview of how to successfully defend their commercial interests not only after, but well before they reach the US market, given that much of the groundwork is typically laid years beforehand. They will then be pleased to answer any questions the audience might have before hosting a short mingle.

Speakers:

- Robert Rönn, SVP and Head of R&D at Orexo; *Driving Innovation and Safeguarding Competitiveness through Robust IP Strategies*.
- Stephen McNeeney, Partner and pharmaceutical Patent expert at Potter Clarkson LLP; *Partnering for Success - Potter Clarkson's Role in Orexo's US Market Achievements*
- John Molenda, Partner at Steptoe LLP, Co-Chair of Steptoe's Healthcare & Life Sciences Practice; *From groundwork to Courtroom Success*.
