

Invitation to a live broadcast presentation of Nordic Iron's report for the second quarter of 2026 and the results of the preliminary feasibility study (PFS)

Nordic Iron Ore AB (publ) ("Nordic Iron" or "the Company") hereby invites the public to a live broadcast presentation of the Company's report for the second quarter of 2026, as well as the results of the preliminary feasibility study (Pre-Feasibility Study, "PFS") for the Blötberget/Väsmanfältet iron ore project.

Date: August 20, 2026

Time: 10:00–11:00

Presenter: Ronne Hamerslag, CEO

Participation link: [Nordic Iron – Q2 \(26\) – Earnings call](#)

The PFS study, conducted by the independent international consultant WSP, represents an important milestone in the Company's development and includes updated mineral resource and reserve estimates as well as an economic analysis for the Blötberget /Väsman field. The results lay the groundwork for the Company's continued work on exploration and a definitive feasibility study (DFS).

During the broadcast, CEO Ronne Hamerslag will present the quarter's developments, go through the results from the PFS study, and outline the expected timeline for the project's development towards production.

For more information, please contact:

Ronne Hamerslag

Chief Executive Officer

About Nordic Iron

Nordic Iron is a mining company focused on the Ludvika region. The company plans to produce an ultra high-grade iron ore concentrate with a low carbon dioxide footprint, with a focus on fossil-free iron and steel production. Nordic Iron's plans includes an apatite concentrate containing phosphorus and rare earth elements, contributing to society's green transition.

For more information, see www.nordiciron.se.

Nordic Iron Ore's shares are listed at Nasdaq First North Growth Market. DNB Carnegie Investment Bank AB (publ) is the company's Certified Adviser
