

BeammWave to participate in Wireless Japan 2025 – Showcasing cutting-edge beamforming innovation

BeammWave will participate in Wireless Japan 2025, one of Japan's leading wireless and communication technology exhibitions. The event will take place at Tokyo Big Sight from May 28 to 30, 2025.

BeammWave is proud to be part of the XGMF stand, presenting its breakthrough digital beamforming technology for mmWave 5G and 6G solutions. BeammWave will be accompanied by partners and customers displaying the full benefit of digital beamforming.

"Wireless Japan offers a unique opportunity to demonstrate our technology in a highly innovative and demanding market. We're excited to be part of the vibrant Japanese eco-system and to be joined by partners and customers", says Rob Cadman, VP of Business Development and Sales at BeammWave.
