

Klappir hf.: Klappir appoints advisers for planned capital raise in Iceland and listing in Sweden

In connection with a planned capital raise in Iceland and a listing of Klappir in Sweden, the company has entered into agreements with Fossar fjárfestingarbanki hf. as manager and financial adviser relating to the raise in Iceland, and Bergs Securities AB as Certified Adviser in Sweden. The capital raise is planned for the second quarter of 2026, and the Swedish listing for the second half of 2026.

The capital raise, up to €8 million, is a key component of Klappir's growth plans, covering both organic and acquisitive growth.

The Swedish listing will strengthen Klappir's access to international capital markets, broaden its funding options, and support the development of an active market for its shares.

These steps mark important milestones in Klappir's international development and lay a solid foundation for the company's continued long-term growth and value creation.

Fossar fjárfestingarbanki hf.

Fossar is a leading investment bank serving domestic and international investors across securities brokerage, corporate advisory, and asset management. Fossar is part of the Skagi Group and has extensive experience advising on share offerings and listings. Under the agreement, Fossar will lead the preparation and execution of Klappir's capital raise in Iceland.

*"Klappir is a company with a clear vision and a strong position in a growing market for data-driven solutions in resource management and sustainability. We look forward to supporting the company at this important milestone and guiding it through the planned share offering," says **Ástrós Björk Viðarsdóttir, Project Manager in Corporate Advisory at Fossar.***

*"We are very pleased with our collaboration with Fossar and trust in their extensive experience in domestic and international financial markets," says **Þorsteinn Svanur Jónsson, CEO of Klappir.***

Bergs Securities AB

Bergs Securities AB is a Swedish financial firm headquartered in Stockholm, specialising in advisory services for growth companies and listings on the Nasdaq First North market. As the Certified Adviser, Bergs Securities will guide Klappir through the listing process, including preparing and submitting listing documentation, communicating with Nasdaq Stockholm, and providing advice on compliance and disclosure obligations as a listed company.

*"Klappir operates in a growing market driven by an increased global focus on sustainability and resource management," said **Rutger Ahlerup, Head of Certified Adviser at Bergs Securities.** "We look forward to supporting the company through the listing process and its future development as a listed company."*

*"We are genuinely pleased to be working with Bergs Securities on this important step. Their expertise in the Nasdaq First North market in Sweden, a leading market for growth companies in Europe, will be instrumental in Klappir's continued growth journey," says **Þorsteinn Svanur Jónsson, CEO of Klappir.***
