

PRESS RELEASE  
15 December 2021 09:15:00 CET

## Capio Urologi Solna appointed CoreTherm Center of Excellence.

**Capio Urologi Solna has been named a CoreTherm Center of Excellence for 2022. Being named the CoreTherm Center of Excellence (COE) is proof of a high performance for both the clinic and the staff. At the same time, attention is drawn to the clinic's great commitment to provide significant, lasting symptom relief to men with benign prostate enlargement, where treatment with CoreTherm plays a central role in the care.**

The CoreTherm Center of Excellence is defined as a clinic that has performed at least 100 CoreTherm treatments in the past year and where factors such as well-organized staff, level of education, experience, treatment routines, optimal equipment and facilities are of great importance for the result. These clinics therefore also have the opportunity to conduct training sessions for new CoreTherm users.

“Capio Urology Solna has in a short time gained a great deal of experience and a functioning organization to use CoreTherm as an effective treatment for symptoms of an enlarged prostate. I am very impressed. If you experience symptoms from a benign enlarged prostate, I can warmly recommend that you book an appointment with Capio Urologi Solna to see if CoreTherm is right for you.”, says CEO Johan Wennerholm in a comment.
