NIMBUS GROUP APPOINTS FIRST DEALER FOR AQUADOR BRAND BOATS IN JAPAN

Nimbus Group AB (publ) has appointed Enoshima Marina, Inc. as its first Japanese dealer for Aquador brand boats. Enoshima Marina began operations in the 1970s and is located in the coastal city of Enoshima, approximately 50 km southwest of Tokyo, a place well known for its boating and which was the venue for the sailing competitions in connection with the 2020 Tokyo Olympics.

Enoshima Marina Inc. provides a wide range of services including sales of new and used boats, storage, maintenance and service. The company also offers boat rentals and cruising.

"Interest in boating is growing rapidly in Japan and for a few years now we have established ourselves in the country through dealers for the Nimbus brand. In line with the increasing interest in boating, we also see good opportunities for our Aquador brand in the Japanese market," says Nicklas Bergström, Commercial Sales Director at Nimbus Group.
