ANNOUNCEMENT ON OFFERING FOR ORDINARY SHARES IN ÍSLANDBANKI HF.: END OF OFFERING AND ALLOCATIONS

The Ministry of Finance and Economic Affairs refers to the announcement by the Ministry, dated 13 May 2025, regarding the launch of an Offering of existing ordinary shares in Íslandsbanki hf. and the publication of the related prospectus.

The Ministry today announces that:

- Following the Offering of shares in Íslandsbanki hf., the Ministry hereby publishes detailed information on each individual transaction in the Offering, including Icelandic ID numbers, the names of the end purchasers, and transaction value, in accordance with Article 5 of Act No. 80/2024 as ensuring transparency in the execution of the Offering was among the goals of the Act. The list can be found on this website: [List of Tranche A and B](#).
- The total demand in the Offering amounted to approximately ISK 190 billion, and the total value amounted to ISK 90,576,003,783. In Tranche A, 815,670,603 shares were allocated to 31,021 individuals. Total orders in Tranche B amounted to ISK 84.3 billion, with 34,329,404 shares allocated to 56 parties. The number of Orders received in Tranche B was 1,228.
- Allocation in Tranche B was carried out based on the allocation principles set forth in Act No. 80/2024, which stipulate that reductions due to oversubscription must be made solely on the basis of the bid price. Accordingly, shares were first allocated to the highest bid prices until all remaining shares had been allocated.
- In accordance with the allocation principles of the Act, all offers amounting to ISK 117.55 per share or higher were allocated without reductions, while offers amounting to ISK 117.50 per share were allocated on a pro-rata basis. Offers below ISK 117.50 per share were rejected.
- The Offer Price in Tranche B was ISK 106.56, in accordance with the Act, as the Offers in Tranche A covered the Base Volume of the Offering.
- The Offering is now complete, as all 850,000,007 shares have been allocated to investors in Tranche A and Tranche B.

Daði Már Kristófersson, Minister of Finance and Economic Affairs: “The core principles of the offering – transparency, objectivity, equality and efficiency – resulted in a very successful offering for the Treasury. Strong participation in the offering reflects the public’s trust in the process and its execution. The offering marks a turning point, as the Treasury is no longer a shareholder in the bank, thereby reducing the risk associated with ownership of financial institutions. With this sale, we strengthen the position of the Treasury and create room to undertake necessary infrastructure investments”.

Barclays Bank Ireland PLC, Citigroup Global Markets Europe AG, and Kvika banki hf. acted as Joint Global Co-ordinators and along with ABN AMRO Bank N.V. (in collaboration with ODDO BHF SCA), Arctic Securities AS, Arctica Finance hf., Arion Bank hf., J.P. Morgan SE, Landsbankinn hf. and UBS Europe SE, as Joint Bookrunners in the Offering.

Capitalised terms used but not otherwise defined in this announcement shall have the meanings set out in the Prospectus, which is available on the Bank’s website at www.islandsbanki.is and will remain publicly available on the Bank’s website for at least 10 years following the date thereof.

Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended ("MiFID II"); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the "MiFID II Product Governance Requirements"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the Product Governance Requirements) may otherwise have with respect thereto, the shares have been subject to a product approval process, which has determined that such shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II; and (ii) eligible for distribution through all distribution channels as are permitted by MiFID II (the "Target Market Assessment"). Notwithstanding the Target Market Assessment, distributors should note that: the price of the shares may decline and investors could lose all or part of their investment; the shares offer no guaranteed income and no capital protection; and an investment in the shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the offering. Furthermore, it is noted that, notwithstanding the Target Market Assessment, the Managers will only procure investors who meet the criteria of professional clients and eligible counterparties. For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the shares. Each distributor is responsible for undertaking its own target market assessment in respect of the shares and determining appropriate distribution channels.
