

Netel signs agreement for new substation for E.ON worth over SEK 32 million

Netel has signed an agreement with E.ON Energidistribution covering the construction of a new substation in Bollstabruk, north of Kramfors in Sweden. The agreement is valued at over SEK 32 million and the station is to be completed in 2029.

"We are pleased to once again be entrusted by E.ON to build a new substation," says Jeanette Reuterskiöld, CEO and President of Netel. "It is a testament to our professionalism and ability to deliver."

About us

With over 25 years of experience, Netel is a leader in the development and maintenance of critical infrastructure within Infraservices, Power and Telecom. We are involved in the entire value chain from design, production and maintenance of our customers' facilities. We are dedicated to securing an accessible and reliable future, where technology unites and transforms society. Netel reported net sales of SEK 2,915 million in 2025 and the number of employees in the group is about 800. Netel is listed on Nasdaq Stockholm since 2021. Read more at netelgroup.com.
