Indutrade acquires Acoma – Italian specialist in industrial printing consumables

Indutrade has signed an agreement to acquire all shares in the Italian company Acoma S.r.l., www.acomasrl.com, with annual sales of approximately EUR 12 million (SEK 130 million).

Acoma is a specialised manufacturer of printing blankets and coating plates for the global industrial print market. The products are used primarily in packaging applications within industries such as food and beverage, pharmaceuticals, and general manufacturing. The company has a diverse customer base, including distributors and printing-material manufacturers.

Acoma was founded in 2009, has 32 employees and is located in Crema, Italy. The company has a unique production technology free from the use of solvents, high technical expertise and good prerequisites for continued sustainable, profitable growth.

Closing takes place today and Acoma will be included in Indutrade's Business Area Industrial & Engineering. The acquisition is Indutrade's 14th in 2026 and is expected to have a marginally positive impact on Indutrade's earnings per share.

About Indutrade
Indutrade is an international technology and industrial business group that today consists of over 225 companies in some 30 countries, mainly in Europe. In a decentralised way, we aim to provide sustainable profitable growth by developing and acquiring successful companies managed by passionate entrepreneurs. Our companies develop, manufacture, and sell components, systems and services with significant technical content in selected niches. Our value-based culture, where people make the difference, has been the foundation of our success since the start in 1978. Indutrade's net sales totalled SEK 32.2 billion in 2025, and the share is listed on Nasdaq Stockholm in Sweden.
