
Fredrik Berne leaves as CFO of Freemelt

Fredrik Berne, Freemelt's CFO, has decided to leave his position. Fredrik Berne took office in connection with the company's IPO in the summer of 2021 and will end his employment on May 24, 2022.

"Fredrik joined Freemelt when it was a start-up and leaves a commercially successful company. The company is now twice as big as when he started, his skills and experience have contributed to this success. We wish him all the best in his new role where he will also build new businesses," says Ulric Ljungblad, CEO of Freemelt.

Fredrik Berne will continue as CFO until the summer of 2022. The recruitment of a new CFO is ongoing.

About Us

Freemelt is a high-tech growth company whose ground-breaking solution creates new opportunities for rapid growth in 3D printing, also known as additive manufacturing. The Company's protected technology – which already are available – takes 3D printing to a new level and provides new opportunities for printing products in a cost-effective way and to a consistent and high quality that previously was impossible. By choosing an open source solution, the conditions are created for strong growth, and the Company will expand towards manufacturing markets, moving forward.
