

## Finnish company Intecon Oy joins XPartners

**XPartners continues to grow in Finland and welcomes Intecon Oy to the group. Intecon is a project management and consulting partner for the real estate and construction industry, delivering an integrated service offering with project and cost management as the primary entry point from pre-design to handover.**

Founded in 2022, Intecon has offices in Helsinki and Tampere and employs nearly 30 industry professionals. The company focuses on Defence & Security, Property and Industrial sectors. Intecon provides comprehensive project and cost management with active cost control and 5D-BIM modelling for transparent, data-driven delivery, alongside scheduling and project planning, sustainable real estate advisory, and building services engineering. In 2024, the company reported net sales of EUR 6 million.

“We’re proud to welcome Intecon to XPartners. Their integrated approach to project and cost management, together with strengths in scheduling, sustainability and building services engineering, is a strong complement to our platform in Finland,” says **Vesa Koskelainen**, Managing Director at XPartners Finland.

“Joining XPartners is about taking the next step. With a larger **Finnish and Nordic** network, we can take greater end-to-end responsibility in complex projects, make faster and better decisions, and deliver even clearer value for our clients. At the same time, we remain Intecon, with the same focus on precision, predictability, and results,” says **Sami Hentilä**, CEO and Founder of Intecon Oy.

### **About Intecon Oy**

Intecon Oy is a project management and consulting company founded in 2022, with offices in Helsinki and Tampere. The company focuses on Defence & Security, Property and Industrial sectors, providing project and cost management, scheduling and project planning, sustainable real estate advisory, and building services engineering.

### **About XPartners**

XPartners Group AB (publ) is a Nordic consulting group within engineering and design. The group brings together more than 1,800 specialists who advise clients in infrastructure, buildings, energy, and the environment. It consists of approximately 60 entrepreneur-led companies supported by a shared platform for collaboration and growth. On a pro forma basis, annual revenue is above SEK 3.5 billion and the company is primarily owned by its employees, with backing from the private equity firm Axcel.
