

Enersize invited to present at Aktiespararna investor event in Helsingborg

Enersize announces today that the Company's CEO, Fredrik Arrigucci, has been invited to present at the Aktiespararna investor event in Helsingborg on 5 September 2025.

During the event, Enersize will present its business model, technology platform, and strategic direction in response to the growing demand for energy efficiency in industrial operations. The presentation will focus on the Company's solutions for reducing energy consumption and CO₂ emissions in compressed air systems – one of the most energy-intensive components of industrial infrastructure.

"I look forward to the opportunity to present our business and the positive development we are now seeing in both the market and our operations. It is always valuable to meet investors and share our vision for the future," says Fredrik Arrigucci, CEO of Enersize.

The event is organized by Aktiespararna in Helsingborg and is open to members and investors. Kemira Kemi will also present during the evening program.

About Enersize

Enersize develops and provides specialized software, tools, and services for improving energy efficiency in industrial compressed air systems – one of the most energy-intensive processes in manufacturing. The company's technology platform enables detailed monitoring, analysis, and real-time optimization of compressed air systems, with the aim of reducing energy consumption, detecting leaks, and improving operational performance.

Enersize works with a wide range of industrial companies that recognize energy efficiency as a strategic priority – both for improving financial performance and for reducing environmental impact. The solutions are scalable and designed to integrate seamlessly into both existing and new system environments.

The company is listed on Nasdaq Stockholm First North Growth Market under the ticker: ENERS.
