

LIFE – CONVERSION TO A PUBLIC LIMITED LIABILITY COMPANY REGISTERED

Bergen, Norway, 29 April 2024: Today, Lifecare ASA (LIFE), a clinical stage medical sensor company developing the next generation Continuous Glucose Monitor (CGM), announces that its conversion to a public limited liability company has been registered.

Lifecare ASA's conversion to a public limited liability company and corresponding name change from Lifecare AS to Lifecare ASA has now been registered with the Norwegian Register of Business Enterprises.

About us

Lifecare AS is a clinical stage medical sensor company developing technology for sensing and monitoring of various body analytes. Lifecare's main focus is to bring the next generation of Continuous Glucose Monitoring ("CGM") systems to market. Lifecare enables osmotic pressure as sensing principle, combined with the ability to manipulate Nano-granular Tunnelling Resistive sensors ("NTR") on the sensor body for read-out of pressure variations. Lifecare's sensor technology is referred to as "Sencell" and is suitable for identifying and monitoring the occurrence of a wide range of analytes and molecules in the human body and in pets.
