

Xpecunia strengthens its management team with the recruitment of Paula Tunninen as CFO.

Today, Paula Tunninen will take over as CFO of the Xpecunia group and will also be part of the company's management.

Paula most recently came from Rundvirke Industrier AB, where she was finance manager at Impregna. The recruitment is key to strengthening Xpecunia's ability to handle the increasingly complex operations that the company conducts.

Paula Tunninen comments: "It is an exciting assignment in a fast-growing company that I look forward to working with. The combination of cutting-edge technology and a clear environmental profile feels especially attractive."

CEO Daniel Moström comments: "We are very happy that Paula has chosen to start with us, the increased scope and internationalization means that we need to strengthen our team. With her solid expertise and long experience of leading finance positions, Paula is a valuable addition to Xpecunia. "

Xpecunia is a technical computing company that is expanding to strengthen its long-term potential and create a presence in the rapidly growing market for leased computing capacity. This type of computing capacity is mainly used for AI calculations. The company is listed on NGM Nordic SME in Stockholm, Sweden and on the Stuttgart Stock Exchange in Germany.
