### About Upsales

---

Upsales is a Stockholm-based software company on a mission to build the leading AI platform for B2B revenue growth. With best-in-class data and proprietary AI agents, Upsales helps companies accelerate profitable growth. In the last two decades, the company has built a track record of organic, profitable growth. Upsales is a net cash company with zero debt, strong cash flows, and has been paying annual dividends since 2022. Its scalable business model is powered by over 90% recurring subscription revenue. Upsales serves customers in 10 countries, with the majority of its customer base in Sweden. The company is 44% founder- and management-owned, with institutional shareholders including Danske Invest, Nordea Funds, TIN Fonder, SEB Funds, Herald Investment Management, and Schroders.

Upsales Technology AB (publ) is a public company listed on the Nasdaq First North Growth Market. The Company's Certified Adviser is DNB Carnegie Investment Bank AB (publ).
