

Northgold AB postpones publication of the annual report

The board of directors of Northgold AB (“Northgold” or the “Company”) has resolved to postpone the publication of the annual report for 2023 in order to finalise all aspects of the report.

The publication of the annual report for 2023 is expected to be published during week 21 and the annual general meeting will take place the 18th of June. The meeting had previously been scheduled for the 12th of June.

About Northgold

Northgold is a Swedish-listed gold exploration and development Company focused on advancing multiple, co-located, resource-stage projects in the Middle Ostrobothnia Gold Belt (MOGB) of Central Finland, including the Kopsa Gold-Copper project, the Kiimala Trend Gold project, and the Hirsikangas Gold project. The Company strives to grow its gold mineral resources, make new gold discoveries, and ultimately extract gold from these under-explored areas in Central Finland. Visit www.northgoldab.com for more information. Augment Partners AB, tel. +46 8-604 22 55 info@augment.se, is acting as the Company's Certified Adviser.
