

Qben Infra: Subsidiary awarded contract for temporary track installation

Trasé AS, a subsidiary of Nordic Infrastructure Group, has been awarded a contract by Sporveien AS for the installation of a temporary double track in Josefines gate. The contract is valued at NOK 43.8 million.

The project includes the installation of two track switches in Hegdehaugsveien and a track connection in the roundabout at Bislett stadium. The scope of work encompasses track construction, water and sewage works, establishment of power supply and grounding systems, contact line works, and surface works.

The work is scheduled to commence in August 2025, with expected completion in January 2026.

Gjermund Sogn, CEO of Nordic Infrastructure Group, commented: "This is an important strategic project for both Trasé and us at NI Group. Trasé's sister companies, such as Hadeland Elektro and SLAM, will also be involved in the project."

About Qben Infra

Qben Infra invests in and develops companies in infrastructure services in the Nordic region. The company operates in niches where the market is driven by strong growth trends, large government investments and where opportunities for consolidation and strong growth exist – for example, railways and power grids. The strategy includes driving organic growth, reinforced by selective acquisitions (M&A) and realisation of synergies. For more information, see qben.se.
