

## VetFamily completes the acquisition of IVA and establishes presence in Australia

**VetFamily, the Vimian vertical operating within the Veterinary Services segment, today announces the completion of the acquisition of Independent Vets of Australia (“IVA”), a provider of procurement and support services to more than 115 member clinics in Australia.**

IVA has annual revenues of approximately EUR 1 million and works alongside independent veterinary practices to help raising capabilities, support growth and achieve practice goals faster. Over the last few years, VetFamily has expanded geographically and IVA is therefore a great fit as it brings operations into the Australian market.

For further information about the transaction, please see the press release from 11 June 2021 when the acquisition was initially announced.

**About Vimian**

---

Vimian is a global, fast-growing group of innovation-driven companies with a shared passion for making a positive impact through improving animal health. Together, we put science, technology and our customers' needs at the centre of everything we do to deliver effective solutions to veterinary professionals, labs and pet parents around the world. We bring together pioneering and entrepreneurial businesses in animal health, with an aim to create a uniquely diversified proposition of products and services of the highest standard. Our group covers four essential and rapidly evolving areas within animal health: Specialty Pharma, Diagnostics, Veterinary Services and MedTech. Vimian provides individual businesses with access to our networks, expertise, infrastructure and capital to accelerate innovation and growth. We are as passionate about supporting leadership within our existing businesses, as we are about welcoming new partners to the Vimian family – together helping us make an even greater impact by improving animal health. Headquartered in Stockholm, Sweden, Vimian and our family of companies reach over 15,000 customers in +150 markets, employ more than 400 people and have a combined annual turnover of approximately EUR 140 million. For more information, please visit: [www.vimian.com](http://www.vimian.com).
