

Scandinavian Enviro Systems to hold investor presentations

Scandinavian Enviro Systems (Enviro) is organizing two investor presentations, one physical at Hotel Riverton in Gothenburg on Tuesday, May 19, 2025 at 4:30 p.m., and one digital on Wednesday, May 21, 2025 at 4:30 p.m. Enviro welcomes investors, analysts and media to attend. The purpose of the presentations is to provide an in-depth insight into the company's vision, strategy and development, as well as an update on the construction of the factory in Uddevalla. At both presentations, there will be an opportunity to ask questions, including about the recently announced rights issue.

The physical presentation will take place on May 19 at Hotel Riverton, Stora Badhusgatan 26 in Gothenburg, and will start at 4:30 p.m. and last until 5:30 p.m. Enviro's CEO Fredrik Emilson and CFO Fredrik Aaben will participate in the meeting. The meeting will begin with a short company presentation from Fredrik Emilson, after which a question and answer session will take place. The presentation will be held in Swedish and will not be webcast or recorded.

The digital presentation on May 21 starts at 4:30 p.m. and runs until 5:30 p.m. It will also begin with a short company presentation by the company's CEO Fredrik Emilson and will be followed by a question and answer session. The digital presentation will be webcast and there will be an opportunity to follow it live and ask oral questions. A recorded version of the digital investor presentation will be available on the company's website after the event.

Enviro will post more detailed information on the company's website under Investor Relations (<https://envirosystems.se/investor>) about how to register for each presentation and how to follow and ask questions during the digital presentation.

Indicative time plan

The following time plan for the Rights Issue is preliminary and subject to change.

Scandinavian Enviro Systems contributes to enhanced environmental and economic sustainability using a patented technology for the recovery of valuable raw materials from scrapped and end-of-life products, including tires. The production of new tires using carbon black recovered with Enviro's technology reduces carbon dioxide emissions by up to 93 per cent compared with the use of virgin carbon black. Enviro has its head office in Gothenburg and a plant for the recycling of end-of-life tires in Åsensbruk. The largest owner is the French tire manufacturer Michelin. Enviro was founded in 2001 and is listed on Nasdaq First North Growth Market. www.envirosystems.se
