PRESS RELEASE | 2026-11-25

JM starting production of housing in Uppsala

JM is starting the production of 83 residential units in the Gränby district of Uppsala.

The Astronomen project, which was sold to Hemvist in the second quarter of 2026, comprises one apartment building with four stairwells of up to eight storeys and is located close to both parks and a wide range of services.

The housing start will take place in the fourth quarter of 2026. Revenue and profit will be recognized gradually over the course of the project within the JM Sweden business segment, starting in the fourth quarter of 2026. Completion is estimated for the second quarter of 2028.

– We look forward to starting the production of a further 83 residential units in Uppsala. Together with Hemvist, we are contributing to the development of Gränby and adding more high-quality housing in an attractive location, says Göran Eckerbom, Regional Manager East, JM Sweden.
