

# Creturner Group AB (publ) postpones the quarterly report to 12 May 2023.

**The Board of Directors of Creturner Group AB (publ) ("Creturner", the "Company") has today decided to postpone the quarterly report from 26 April to 12 May 2023.**

On 31 March 2023, Creturner communicated through a press release to postpone the publication of the Annual Report. It is against this background that the quarterly report is also postponed; the Company wants to include revised figures in its situation report to the shareholders and the market.

--

Creturner Group AB is a group with two business areas within environmental technology. The digital part is a business for technical computers that is expanding to strengthen its long-term potential and create a presence in the rapidly growing market for computer capacity. The company has its own facilities in Sweden with its own energy production to reduce raw material costs and environmental impact.

The environmental section offers corporate customers an effective and permanent method to offset their operations. The method is based on Bio-CSS (Carbon Capture and Storage), whereby residual biomass is converted into the element carbon and stored to reduce the amount of carbon dioxide in the atmosphere. Creturner's corporate customers can then purchase carbon offsets in the same way they traditionally compensate for climate change, for example by planting trees. Unlike tree planting, Creturner's approach is immediate, permanent and clearly measurable. Monitoring is done through linked smart contracts that give the customer insight into the results and future financial returns of the environmental investment.
