It is proposed that the dividend is divided into two payments of SEK 1.20 per payment. The first record day is proposed to be on September 8, 2025, and the second record day is proposed to be on March 6, 2026. If the Meeting resolves in accordance with the proposal, payments through Euroclear Sweden AB are estimated to be made on September 11, 2025, and on March 11, 2026, respectively.

Item 16 (a) resolution regarding authorization for the Board of Directors to decide on acquisition of own shares; 16 (b) resolution regarding authorization for the Board of Directors to decide on transfer of own shares in conjunction with company acquisitions and other strategic investments; and 16 (c) resolution regarding authorization for the Board of Directors to decide on transfer of own shares in conjunction with the Performance Share Plan 2023

Background

Elekta has previously, on the basis of authorizations by the Meeting, acquired own shares for the purpose of using repurchased shares to finance potential company acquisitions, as a hedging measure

for the Company's share-related incentive programs and to be able to adapt the Company's capital structure and thereby contribute to increased shareholder value.

The Board of Directors considers it to be beneficial for the Company to continue to be able to use repurchased shares in conjunction with potential company acquisitions, for the Company's share-related incentive programs and to be able to adjust the Company's capital structure and thereby contribute to increased shareholder value. The authorization is proposed to be valid until the next Annual General Meeting, during which period the Board of Directors would have the possibility to decide to acquire own shares, if appropriate conditions exist and the Board of Directors would find that it is in the best interests of the Company and the shareholders.

In the light of the above, the Board of Directors proposes the following.

Item 16 (a) - resolution regarding authorization for the Board of Directors to decide upon acquisition of own shares

The Board of Directors proposes the Meeting to authorize the Board of Directors, for the period until the next Annual General Meeting, on one or several occasions, to resolve on acquisition of Series B shares in the Company as follows.

1. Acquisition may only be made of such number of Series B shares that the Company, after the acquisition, holds no more than ten (10) percent of the total number of shares in the Company.
2. The shares may be acquired on Nasdaq Stockholm.
3. Shares may be acquired only at a price per share within the prevailing price range at the time.
4. Payment for the shares shall be made in cash.

The purpose of the proposal is to enable the use of repurchased shares in connection with potential company acquisitions, other forms of strategic investments and acquisitions, to adjust the Company's capital structure to its capital needs, as well as to cover costs and facilitate delivery related to the implementation of the Performance Share Plan 2025, thereby contributing to increased shareholder value.

The Board of Directors has issued a statement pursuant to Chapter 19, Section 22 of the Swedish Companies Act.

Item 16 (b) - resolution regarding authorization for the Board of Directors to decide upon the transfer of own shares in conjunction with company acquisitions and other strategic investments

The Board of Directors proposes the Meeting to authorize the Board of Directors, for the period until the next Annual General Meeting, on one or several occasions, to resolve on the transfer of the Company's own Series B shares in conjunction with, or following, company acquisitions and other strategic investments, as follows.

1. Transfer may be made of the Company's own Series B shares held by the Company at the time of the Board of Directors' resolution on the transfer.
2. Transfer of own Series B shares may take place on or outside Nasdaq Stockholm.
3. The transfer of shares may be made with deviation from the shareholders' preferential rights. The reason for the deviation from the shareholders' preferential rights shall be that the transfer of own Series B shares enables alternative forms of payment for company acquisitions and other strategic investments, which, according to the Board of Directors, is beneficial to the company and contributes to increased shareholder value.

4. Transfer of Series B shares may be made at a price within within the price range applicable for the Company's Series B shares at any given time on Nasdaq Stockholm.
5. Payment for transferred Series B shares may be made in cash, in kind or by set-off of a claim against the Company.

Item 16 (c) - resolution regarding authorization for the Board of Directors to decide upon the transfer of own shares in conjunction with the Performance Share Plan 2023

The Board of Directors proposes that the Meeting resolves that the Board of Directors shall have the right, during the period until the next Annual General Meeting, on one or several occasions, to transfer a maximum of 160,000 own Series B shares in the Company, on order to cover costs related to social security contributions, which may arise as a result of the Company's obligations under the previously resolved Performance Share Plan 2023. Such transfers shall be made on Nasdaq Stockholm at a price within within the price range applicable for the Company's Series B shares at any given time on Nasdaq Stockholm.

Majority requirements

Valid resolutions in accordance with the Board of Directors' proposals 16 (a) – 16 (c) above require that the resolutions are supported by shareholders representing at least two-thirds of both the votes cast and the shares represented at the Meeting.

Item 17 (a) resolution regarding adoption of a long-term performance-based share program for 2025; and 17 (b) resolution regarding transfer of own shares to participants in the long-term performance-based share program

Background

The Board of Directors of Elekta has decided to propose a long-term performance-based share plan for 2025 ("PSP 2025"). The proposed program is essentially the same as the share program adopted in 2024.

The Board of Directors is confident that the proposed program will benefit Elekta's shareholders by aligning their interests with those of the participants, as it will contribute to strengthening Elekta's ability to attract, retain and motivate skilled personnel, and is expected to contribute to an increased focus to meet the long-term business and equity targets.

The proposal by the Board of Directors

The Board of Directors proposes, in view of the above, that the Meeting resolves to (a) adopt a long-term performance-based share program for 2025, and, as a hedging arrangement, resolves on (b) transfer of own shares to the participants in PSP 2025.

Item 17 (a) - resolution regarding adoption of a long-term performance-based share program for 2025

The Board of Directors proposes that the Meeting resolves to adopt PSP 2025 in accordance with the following main terms and conditions.

1. PSP 2025 is proposed to include no more than 20 Executive Committee members and key employees within the Group. The Executive Committee members and key employees included will be those who have significant ability to influence the Company's long-term performance, i.e. the President and CEO, Executive Committee and certain key employees. An invitation to participate in PSP 2025 shall be provided by Elekta no later than on December 31, 2025.

2. Participants are offered the opportunity to receive Series B shares in Elekta (“**Performance Shares**”) without consideration, provided that the performance targets are met, and that the participant remain employed by the Group during the three-year performance period (2025-2028). Exceptions to this requirement may be granted in individual cases, for example in the event of a participant’s death, retirement or disability.
3. The Performance Shares shall be based on a maximum value for each participant category. The maximum value for the President and CEO is 80 percent of the annual base salary 2025, 70 percent of the annual base salary 2025 for other members of the Executive Committee, and 50–60 percent of the annual base salary 2025 for certain key employees. The aggregate maximum values of the Performance Shares allocated to all participants shall not exceed SEK 48.3 million, excluding social security contributions.
4. The participants respective highest value will thereafter be converted into a maximum number of Performance Shares¹, applying the average closing price for Elekta’s Series B shares on Nasdaq Stockholm during a period of ten trading days prior to the date of allocation.
5. The calculation of the number of Performance Shares that may be awarded is dependent on the performance targets set by the Board of Directors during the measurement period, for the Group’s (i) total shareholder return (“**relative TSR**”) relative to the OMXSPI index², (ii) number of installed units with effective hypofractionation, i.e. access to hypofractionation³, and (iii) reduction of CO₂ equivalents from the operations⁴. The relative weighting between the three performance targets (i)-(iii) is (i), i.e. relative TSR, with a weighting of 85 percent, and (ii)-(iii), i.e. access to hypofractionation and reduction of CO₂ equivalents with a weighting of 7.5 percent each.
6. The Board of Directors will decide on the outcome of the established performance targets after the end of each measurement period. The total vesting level for PSP 2025 can be in the range of 0 – 100 percent and is determined by the weighted vesting level of each performance target. If the maximum level is reached or exceeded, the allocation will amount to (and not exceed) the maximum number of Performance Shares in accordance with items 3-4 above. If the minimum level is reached, the allocation will amount to 25 percent of the maximum number of Performance Shares in accordance with items 3-4 above. If the performance outcome is below the maximum level but exceeds the minimum level, a proportionate allocation will be made. No allocation will be made if the outcome is below the minimum level for all three targets.
7. If all conditions set for PSP 2025 are met, allocation of Performance Shares will take place during the second half of 2028. The allocation is without consideration, subject to tax. The participants shall not receive any compensation for cash dividends during the vesting period.
8. Before the number of shares to be allocated is finally determined, the Board of Directors shall assess whether the allocation is reasonable in relation to the Company’s financial results and position, conditions on the stock market and other circumstances, and if the Board of Directors

¹ With the possibility for the Board of Directors to make adjustments as a result of extraordinary events such as bonus issues, splits, rights issues and/or similar events in accordance with common practice for similar incentive programs.

² The minimum performance requirement is that Elekta’s relative TSR is at least +3.0 percent above the OMXSPI index. To reach the maximum performance level, Elekta’s relative TSR must be equal to +15 percent or higher than the OMXSPI index.

³ The minimum performance requirement is that Elekta installs 221 units during 2025-2028, and the maximum performance requirement is that Elekta installs 325 units during 2025-2028.

⁴ The minimum performance requirement is that Elekta reduces its CO₂ emissions from operations by 5.95 percent during 2025-2028, and the maximum performance requirement is that Elekta reduces its CO₂ emissions from operations by 17.84 percent during 2025-2028.

deems this not to be the case, reduce the number of Performance Shares to be allocated to the lower number that the Board of Directors deems appropriate.

9. The Board of Directors, or a committee established by the Board of Directors for this purpose, shall be responsible for the detailed construct and management of PSP 2025, within the framework of the stated main terms and guidelines. In connection therewith, the Board of Directors shall have the right to make adjustments to comply with rules or market conditions abroad. This may mean that the Board of Directors is entitled to introduce an alternative cash-based incentive solution for participants in such countries where allocation of Performance Shares is not applicable, or otherwise such solution that is deemed appropriate. The Board of Directors shall also be entitled to make other adjustments provided that there are significant changes in the Group or its external environment that would result in the terms and conditions for allocation under PSP 2025 no longer being appropriate. Such alternative incentive solutions shall, to the extent practically possible, be designed on terms and conditions corresponding to those of PSP 2025.
10. Participation in PSP 2025 is conditional upon it being legally and appropriately feasible, and, in the opinion of the Board of Directors, possible to implement with reasonable administrative costs and financial efforts.

Costs for PSP 2025

The total costs for PSP 2025, at maximum allocation of Performance Shares, are estimated to amount to not more than SEK 62.7 million, which corresponds to approximately 1.14 percent of the Group's total personnel costs for 2024/2025. The costs have been calculated as the sum of the maximum allocation value, including social security contributions and administrative costs for the program. A maximum price per share of SEK 52.15 has been used in the calculation. Administrative costs have been estimated to amount to less than SEK 1 million. If no allocation of Performance Shares is made, only administration costs will arise.

The costs for PSP 2025 are based on the accounting standard IFRS 2 and are accrued over three years.

Hedging measures for PSP 2025

In order to implement PSP 2025, the Board of Directors proposes under item 17 (b) that not more than 1,450,000 own Series B shares may be transferred to the participants. Should the proposal to transfer shares in accordance with item 17 (b) to participants in PSP 2025 not be approved by the Meeting, the Board of Directors will explore other possibilities to ensure delivery under PSP 2025.

Number of shares, effects on key ratios, etc.

The maximum number of Performance Shares that may be allocated to the participants in PSP 2025 amounts to 1,450,000, which corresponds to approximately 0.38 percent of the total number of shares and 0.28 of the total number of votes in Elekta. PSP 2025 does not entail any dilution of share capital or votes. If repurchased shares are allocated under PSP 2025, the number of outstanding shares in Elekta will increase by a maximum of 1,450,000 Series B shares, corresponding to a maximum dilution effect of earnings per share of approximately 0.38 percent.⁵ Dilution effects per share are independent of the share price as the Performance Shares are delivered without consideration.

The total maximum increase in the number of outstanding Series B shares for all outstanding share programs in Elekta is estimated to be not more than 2,899,364 Series B shares, to be delivered without consideration, corresponding to a dilution effect of earnings per share of approximately 0.75 percent. In

⁵ Outstanding shares are defined as the total number of issued shares in Elekta reduced by the number of treasury shares held by Elekta.

this calculation, the maximum allocation of shares has been assumed for the share programs 2025, 2024, 2023 and 2022.

Item 17 (b) - resolution regarding transfer of own shares to participants in the long-term performance-based share program

In order to ensure delivery of Performance Shares in accordance with the terms and conditions of PSP 2025, the Board of Directors proposes that the Meeting resolves to transfer, with deviation from the shareholders' preferential rights, of not more than 1,450,000 Series B shares in Elekta on the following terms and conditions:

1. The right to receive shares shall be granted to those participants within the Group who are covered by the terms and conditions of PSP 2025. Furthermore, subsidiaries within the Group shall be entitled to acquire shares without consideration, whereupon such subsidiaries shall be obligated to immediately transfer the shares without consideration to participants covered by PSP 2025.
2. The right to receive shares shall apply to the participant during the period in which the participant is entitled to receive shares in accordance with the terms and conditions of PSP 2025.
3. Participants covered by the terms and conditions of PSP 2025 shall receive Series B shares without consideration.
4. The reason for deviating from the shareholders' preferential rights in connection with transfer of own Series B shares is to enable Elekta to transfer Performance Shares to the participants in PSP 2025.

The Meeting's resolution in accordance with the Board of Directors' proposal under item 17 (b) is conditional upon the Meeting resolving to adopt the Board of Directors' proposal for resolution on PSP 2025 under item 17 (a) above.

Preparation of the proposal

The proposal has been prepared by the Company's Remuneration and Sustainability Committee in consultation with the Board of Directors. The decision to propose PSP 2025 to the Meeting has been made by the Board of Directors.

Outstanding incentive programs in Elekta

For a description of Elekta's outstanding share-based incentive programs, please refer to note 8 in Elekta's Annual Report for 2024/2025.

Majority requirements

The Meeting's resolution on transfer of own shares in accordance with item 17 (b) above is valid only if supported by shareholders holding at least nine-tenths of both the votes cast and the shares represented at the Meeting.

The object of the Foundation is to improve access to, and quality of, cancer care with special focus on radiotherapy. In accordance with the resolution by the Annual General meeting of August 25, 2021, if necessary for the Foundation to be able to continue its operations, the Board of Directors may propose future General Meetings to resolve on further contributions to the

Foundation. The 2023 Annual General Meeting thus resolved on a contribution of up to SEK 10,000,000 to the Foundation. Subsequently, the 2024 Annual General Meeting resolved to make an additional contribution of a maximum of SEK 10,000,000 to the Foundation.

The Board of Directors proposes that the Meeting resolves on a new contribution of up to SEK 10,000,000 to the Foundation. The Board of Directors considers the proposed contribution to be a gift for charitable or comparable purposes that can be deemed reasonable given the purpose, the Company's financial position and the circumstances in general and that the contribution is justifiable in view of the requirements posed on the size of the Company's and the Group's equity by the nature, scope and risks associated with the Company's and Group's operations as well as the consolidation needs, liquidity and position of the Company and the Group in other respects. There will be sufficient coverage for the Company's restricted equity following the contribution.
