Each Shareholder should study the Offer Document carefully in order to be able to make an informed and balanced assessment of the Offer and the information that is discussed and described therein. No profit forecasts or estimates

No statement in this announcement is intended as a profit forecast or profit estimate and no statement in this announcement should be interpreted to mean that earnings or earnings per Share for the current or future financial years would necessarily match or exceed the historical published earnings or earning per Share.

Forward-looking statements

This announcement, oral statements made regarding the Offer, and other information published by the Offeror and/or the Company may contain statements which are, or may be deemed to be, "forward looking statements". Such forward looking statements are prospective in nature and are not based on historical facts, but rather on current expectations and on numerous assumptions regarding the business strategies and the environment in which the group will operate in the future and are subject to risks and uncertainties that could cause actual results to differ materially from those expressed or implied by those statements. The forward-looking statements contained in this announcement relate to the group's future prospects, developments and business strategies, the expected timing and scope of the Offer and other statements other than historical facts. In some cases, these forward looking statements can be identified by the use of forward looking terminology, including the terms "believes", "estimates", "will look to", "would look to", "plans", "prepares", "anticipates", "expects", "is expected to", "is subject to", "budget", "scheduled", "forecasts", "synergy", "strategy", "goal", "cost-saving", "projects" "intends", "may", "will" or "should" or their negatives or other variations or comparable terminology. By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future. These events and circumstances include changes in the global, political, economic, business, competitive, market and regulatory forces, future exchange and interest rates, changes in tax rates and future business combinations or disposals. If any one or more of these risks or uncertainties materialises or if any one or more of the assumptions prove incorrect, actual results may differ materially from those expected, estimated or projected. Such forward looking statements should therefore be construed in the light of such factors. Neither the Company nor the Offeror nor any member of their respective groups, nor any

of their respective members, associates or directors, officers or advisers, provides any representation, assurance or guarantee that the occurrence of the events expressed or implied in any forward-looking statements in this announcement will actually occur. Given these risks and uncertainties, potential investors should not place any reliance on forward looking statements.

The forward-looking statements speak only at the date of this document. All subsequent oral or written forward-looking statements attributable to any member of the Company group, the Offeror or any member of their respective group, or any of their respective members, associates, directors, officers, employees or advisers, are expressly qualified in their entirety by the cautionary statement above.

The Company, the Offeror and each member of their respective groups expressly disclaim any obligation to update such statements other than as required by law or by the rules of any competent regulatory authority, whether as a result of new information, future events or otherwise.
