

Indutrade makes add-on acquisition within Life Science

Indutrade has signed an agreement to acquire all shares in the German company PHACOTEC Produkt-Service GmbH, www.phacotec.de, with annual sales of approximately EUR 2.7 million (SEK 30 million).

Phacotec is specialised in packaging materials and primary packaging solutions for the pharmaceutical and food industries. The company has an extensive customer base and offers a broad range of containers, closures and related packaging components from both proprietary and established industry brands. Phacotec was founded in 1998, has three employees and is located in Hamburg, Germany.

As an add-on to Indutrade-owned APG Europe in the Netherlands, the companies' combined offerings will provide good growth opportunities.

The closing took place on 22 May and Phacotec will be included in Indutrade's Business Area Life Science. The acquisition is Indutrade's fourth in 2026 and is expected to have a marginally positive impact on Indutrade's earnings per share.

About Indutrade

Indutrade is an international technology and industrial business group that today consists of over 220 companies in some 30 countries, mainly in Europe. In a decentralised way, we aim to provide sustainable profitable growth by developing and acquiring successful companies managed by passionate entrepreneurs. Our companies develop, manufacture, and sell components, systems and services with significant technical content in selected niches. Our value-based culture, where people make the difference, has been the foundation of our success since the start in 1978. Indutrade's net sales totalled SEK 32.2 billion in 2025, and the share is listed on Nasdaq Stockholm in Sweden.
