

## Luleå University of Technology, Sweden, orders MDLab research unit from SolarSpring GmbH

**Today, SolarSpring received an order for a MDLab research unit with custom set-up features from the Luleå University of Technology, Sweden. The system in the value of 54 k€ permits a broad spectrum of scientific investigations with membrane distillation.**

SolarSpring GmbH, a 100% subsidiary of Clean Industry Solutions Holding Europe AB, is a pioneer in the field of membrane distillation offering innovative waste- and drinking water treatment technology.

The Luleå University of Technology, Sweden, requested a SolarSpring MDLab research unit that can function in both a Direct Contact Membrane Distillation (DCMD) and a Vacuum Membrane Distillation (VMD) configuration including a cooling trap for distillate condensation. In addition, a specific membrane cell was constructed by SolarSpring that can incorporate the novel membrane samples manufactured by the University's research team. The purchase order was placed for a value of 54 k€.

## About Us

---

Clean Industry Solutions Holding Europe AB holds 100% of Industrial Solar GmbH and 100% of SolarSpring GmbH - both located in Freiburg/Germany.

Industrial Solar GmbH is an international leading technology and solution provider, which develops projects mainly based on its innovative Fresnel collector technology suitable for fulfilling an expected growing market of solar process heat. As a one-stop-shop Industrial Solar offers turnkey solutions for customers in several industries.
