

## Biovica Capital Markets Day invitation June 9

**Biovica, active in cancer diagnostics, will host a virtual Capital Markets Day on Wednesday 9 June from 14.00 to 16.30.**

Biovica is approaching market launch of DiviTum®TKa in the US for the monitoring of metastatic breast cancer treatments. Today, DiviTum®TKa is sold for research purposes primarily to major pharmaceutical companies for use in clinical studies. Following FDA approval expected in 2021, the large market for patient monitoring will be available.

We therefore invite you to a virtual Capital Markets Day on June 9, 2021 at 14.00 to 16.30.

### Biovica – Treatment decisions with greater confidence

---

Biovica develops and commercializes blood-based biomarker assays to evaluate efficacy of cancer treatments. Biovica's assay DiviTum® measure cell proliferation by detecting a biomarker in the blood stream. The assay has successfully demonstrated its capabilities to early evaluate therapy effectiveness in several clinical trials. The first application for DiviTum is monitoring of treatment for patients with metastatic breast cancer. Biovica's vision is that all cancer patients will get an optimal treatment from day one. Biovica collaborates with world-leading cancer institutes and pharmaceutical companies. DiviTum is CE-marked and registered with the Swedish Medical Products Agency. Biovica's shares are traded on the Nasdaq First North Growth Market (BIOVIC B). FNCA Sweden AB is the company's Certified Adviser, [info@fnca.se](mailto:info@fnca.se), +46 8 528 00 399.
