

Strong sales för Qben Construction in Norway – reaches 65 percent sales rate for launched property projects

Qben Infra announces that its portfolio companies Team Bygg and Holtekilen Bolig, part of the Qben Construction platform, have reached an average sales rate of 65 percent for all launched projects in the companies' respective property development portfolios. In October alone, Team Bygg and Holtekilen Bolig generated sales revenue of close to NOK 170 million.

Notably, Team Bygg has pre-sold 64 percent of the apartments at its Vesthellingen project in Asker, south of Oslo. The Vesthellingen project is a newbuild project that consists of 22 apartments – 2,000 square metres in total – plus basement with parking spaces. The successful sale includes a price record for apartments at Slemmestad in Asker, reaching an average price of NOK 108,000 per square metre for the three penthouse apartments that are part of the project.

Team Bygg and Holtekilen Bolig are part of the Qben Construction platform and together manage Qben Infra's Norwegian real estate development projects.

About Qben Infra

Qben Infra is a group specializing in the acquisition and development of platforms within infrastructure services in the Nordics, gathering a diversified portfolio of 20+ companies across four infrastructure niches: Construction, Rail, Power and Testing, Inspection & Certification (TIC). To drive value creation, Qben Infra collaborates closely with the platforms, focusing on identifying investment opportunities within profitable niches with strong potential for development, consolidation, and growth. This strategy fosters sustainable growth and profitability, enabling Qben Infra to play a vital role in advancing infrastructure development in the Nordics, now and going forward. By merging platforms with distinct yet complementary expertise, Qben Infra unlocks synergies and capitalizes on expansive market opportunities, enabling the group to take on even larger and more complex projects.
