

Logistea has today closed the acquisition of a property fully let to Lyko in Vansbro, Sweden, with an underlying property value of SEK 433 million

Logistea AB (publ) has today closed the acquisition of the property Ytteråker 2:5, located in Vansbro Municipality, Sweden. The property has an agreed underlying property value of SEK 433 million, before deduction for latent capital gains tax of SEK 6 million. Lyko leases the entire property, which has a total lettable area of 36,652 square meters. The annual rental income amounts to approximately SEK 34.1 million, and the lease has a remaining term of approximately 19 years.

Logistea is expanding its property portfolio and has today closed the acquisition of the logistics property Ytteråker 2:5 in Vansbro Municipality through the acquisition of the property-owning company RE NL Vansbro 1 AB. The asset is a modern and energy-efficient logistics facility, constructed in two phases in 2019 and 2023, and features modern specifications including a clear ceiling height of 12 meters, 18 loading docks, 200 parking spaces, and solar panels with an output of approximately 0.5 MW.

The property has a total lettable area of 36,652 square meters and is fully let to the financially strong tenant Lyko, a leading Nordic beauty retailer. The lease term extends for approximately 19 more years, with an annual rental income of around SEK 34.1 million (excluding rental supplements and property tax). The tenant is responsible for all operating expenses. The acquisition improves Logisteas earnings capacity by approximately 0.05 SEK per share.

Approximately 85 percent of the space is used as warehouse, while the remaining areas consist of office and retail space. Lyko, listed on the Stockholm stock exchange and with a revenue of SEK 3.6 billion in 2024, has a long history in Vansbro and has made significant investments in automation solutions in the property. The facility serves as Lyko's central warehouse for the entire Nordic market.

The transaction is financed with bank loans and available funds.
