**About Nanologica AB (publ)**

Nanologica is a Swedish life science tools company that develops, manufactures and sells advanced consumables to pharmaceutical companies. Nanologica's silica-based products are specially developed for the purification of peptide drugs, such as insulin and GLP-1 analogues. Thanks to their efficient and long-lasting purification, they can increase productivity and reduce costs for pharmaceutical manufacturers. Nanologica operates in a global niche market that is growing as a result of an increased demand for drugs for the treatment of diabetes and obesity. The company's mission is to increase access to cost-effective medicines through its purification products and thereby contribute to more patients around the world having access to life-saving treatments. The company is headquartered in Södertälje and Nanologica's share (NICA) is listed for trading on Nasdaq Stockholm Main Market.
