We are pleased to announce the signing of yet another extended agreement with a leading company in the Battle Royale segment of the game industry. This collaboration is fully in line with the development we have predicted, where outsourcing is becoming an increasingly important strategy for our clients to meet both rising quality demands and a rapidly changing market. Extending the agreement over this long period of 12 months shows that the client has confidence in what we do and deliver.

The agreement begins on October 1st 2025, and will run for 12 months with an estimated order value of approximately SEK 23 million.

"We are very pleased to have entered into this agreement, which represents renewed trust. It marks an important step toward a long-term collaboration and underscores the confidence our clients place in Envar’s expertise and services. The agreement not only confirms the trust in our team, but also reflects how our outsourcing model creates long-term value for our partners. The fact that this is also a record-breaking order for us as a company makes it especially exciting," says CEO, Atey Ghailan.
